EXAMPLES OF CLEANING AND EMPTYING

Removal of tank

Use of clean-up grate

- Sand ashtray with maximum capacity of 8 litres.
- Made of 1, 1'5 and 3 mm galvanized steel.
- It includes a thermo-heating polyester powder coated finish.
- Removable tank for sand protected by lock.
- It can be fixed to the ground with 4 M8 expanding bolts (included).
- It is available as an accessory a clean-up grate which allows the removable of the cigarette ends without changing the sand. It is connected to the ashtray by a cable to avoid their theft.
- Accessories: rain hood and advertising board.
- Silica sand is available as replacement. It is supplied in a 20 kg bag.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
- Suitable to be used indoor and outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
